“You can dream, create, design, and build the most wonderful place in the world. But it requires people to make the dream a reality.”

– Walt Disney

Company OVERVIEW

PICKAXE SOLUTIONS LIMITED was founded by two brothers (Israel & Isaac Rwakira) in 2015, with a reputable, multi-service approach in the construction and interior design industry for over a decade of experience. Specializing in high-quality, affordable solutions for residential, commercial, and industrial spaces. We offer a full range of services, including Interior Design, Furnishing, Construction, Landscaping, and Paving. The company is also a trusted importer of top-grade sanitaryware, tiles, and fixtures from leading suppliers in Turkey and China, ensuring quality and cost-efficiency for every project.

In response to market demands for more cost-effective building materials, the two brothers found the need to establish a subsidiary business (ARCADIA), that manufactures and supplies high-quality blocks, pavers, and rocks, providing clients with a significant cost effective model without compromising on quality. This initiative has also positioned the company as one of the leaders in offering affordable, end-to-end construction solutions for EastAfrica.

*B*uilding is not
just about
shelter.

*It's about realizing
dreams, making
statements, creating
spaces where life
happens.*

VISION

To be a premier provider of integrated construction and design solutions in the region, known for quality, innovation, and cost-efficiency, transforming spaces that inspire and endure.

MISSION

Our mission is to deliver top-tier construction, design, and furnishing solutions that combine style, functionality, and affordability. We achieve this by sourcing premium materials, fostering sustainable practices, and developing our own high-quality building supplies, all while making our clients' dreams come true.

Our DIRECTORS

ISRAEL BOB RWAKIRA

Director & Co-founder

With a unique blend of expertise in Information Technology and Civil Engineering, Israel's career began in the IT sector, where he developed advanced problem-solving skills and a keen understanding of technology's role in modern business. However, his passion for tangible, transformative work led him to pursue a degree in engineering, where he found an affinity for the precision, challenges, and rewards of construction.

As a Co-founder and Director of Pickaxe Solutions Limited, Israel's goal is to build a company that would leverage his IT background to implement more efficient, cost-effective, and sustainable construction practices, while also offering top-quality design and building services. Today, the company stands as one of the leaders in technology-enhanced construction, providing clients with quality, transparency, and value.

ISAAC ETHAN RWAKIRA

Director & Co-founder

A visionary entrepreneur and skilled designer with a diverse background that bridges the worlds of engineering and design. With formal training in Sound Engineering, Isaac developed a deep appreciation for the technical aspects of structure, acoustics, and precision. His journey into Interior and Exterior Design allowed him to merge his technical expertise with his innate creative talents, inspiring his approach to space and aesthetic transformation. His dual background in engineering and design has been instrumental in shaping Pickaxe's commitment to both structural integrity and aesthetic appeal.

As a Co-founder and Director of Pickaxe Solutions Limited, Isaac's goal was to redefine the standards of the industry by providing clients with quality, innovation, and savings, all under one roof.

Our TEAM

Our strength lies in our diverse and dedicated team of professionals. Comprising experienced property managers, skilled engineers, expert project managers, and seasoned construction specialists, we bring a comprehensive approach to every project we undertake. Our team of experts brings years of hands-on experience to every project, ensuring quality and craftsmanship down to the last detail. Together, we're committed to building structures that stand the test of time and meet the highest industry standards.

INTERIOR DESIGN, FURNISHING & SANITARYWARE

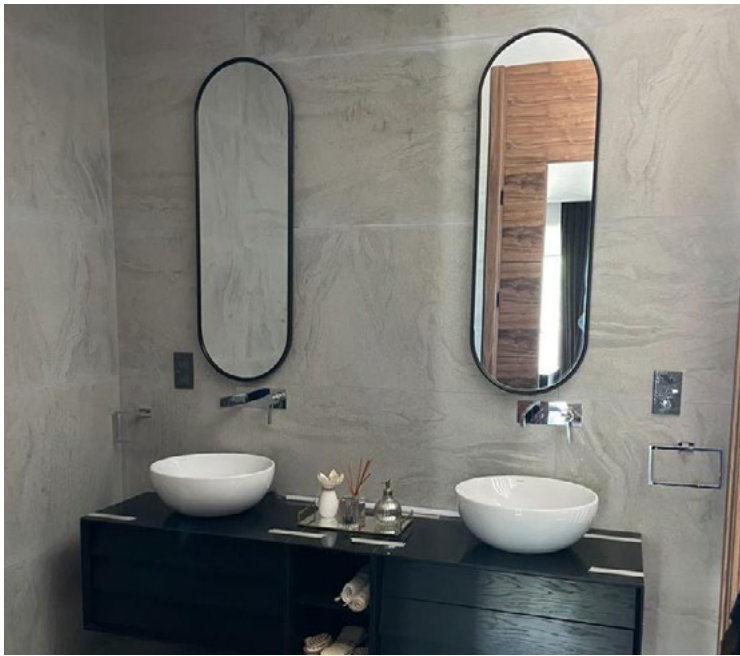

Nestled in the vibrant and rapidly growing neighborhood of Kyanja, Kampala, we build and designed the interior Amreena apartments combining modern architectural aesthetics with urban comfort, providing a serene yet connected living experience.

Designed to cater to the contemporary lifestyle, these apartments are perfect for young professionals, small families, or anyone looking for a blend of luxury and convenience.

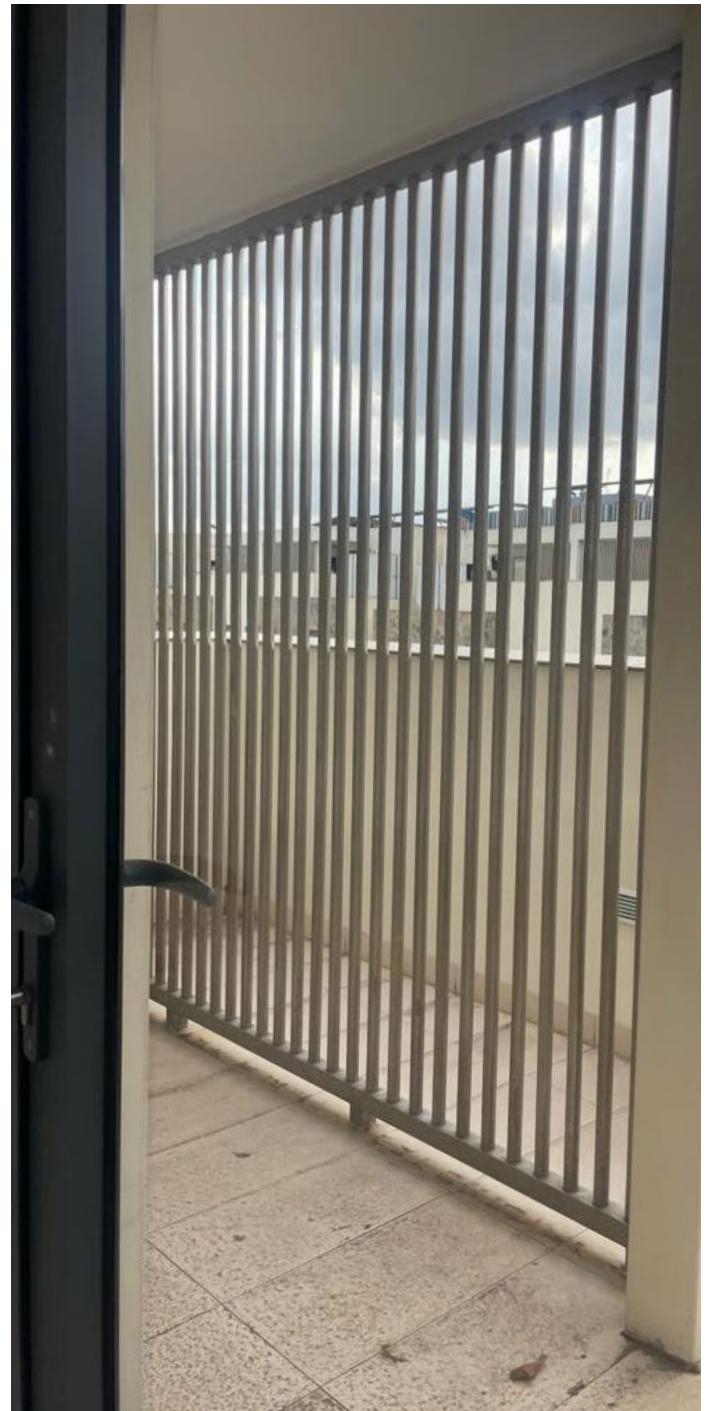

The interior design concept for our client was centered around creating a harmonious blend of elegance, functionality, and personalized comfort. Every detail, from the color palette to the furniture selection, reflects the client's unique tastes and lifestyle. Soft, white tones set a clean, calm and inviting atmosphere, while strategic pops of color and carefully curated art pieces added personality and vibrancy to the space.

We provide professional sanitaryware installation services tailored for the construction industry. We specialize in installing a comprehensive range of high-quality sanitary fixtures and systems, including sinks, toilets, showers, faucets, and custom bathroom solutions for residential, commercial, and industrial projects.

With a team of certified technicians and project managers, we ensure every installation is performed with precision, adhering to all industry standards and safety regulations.

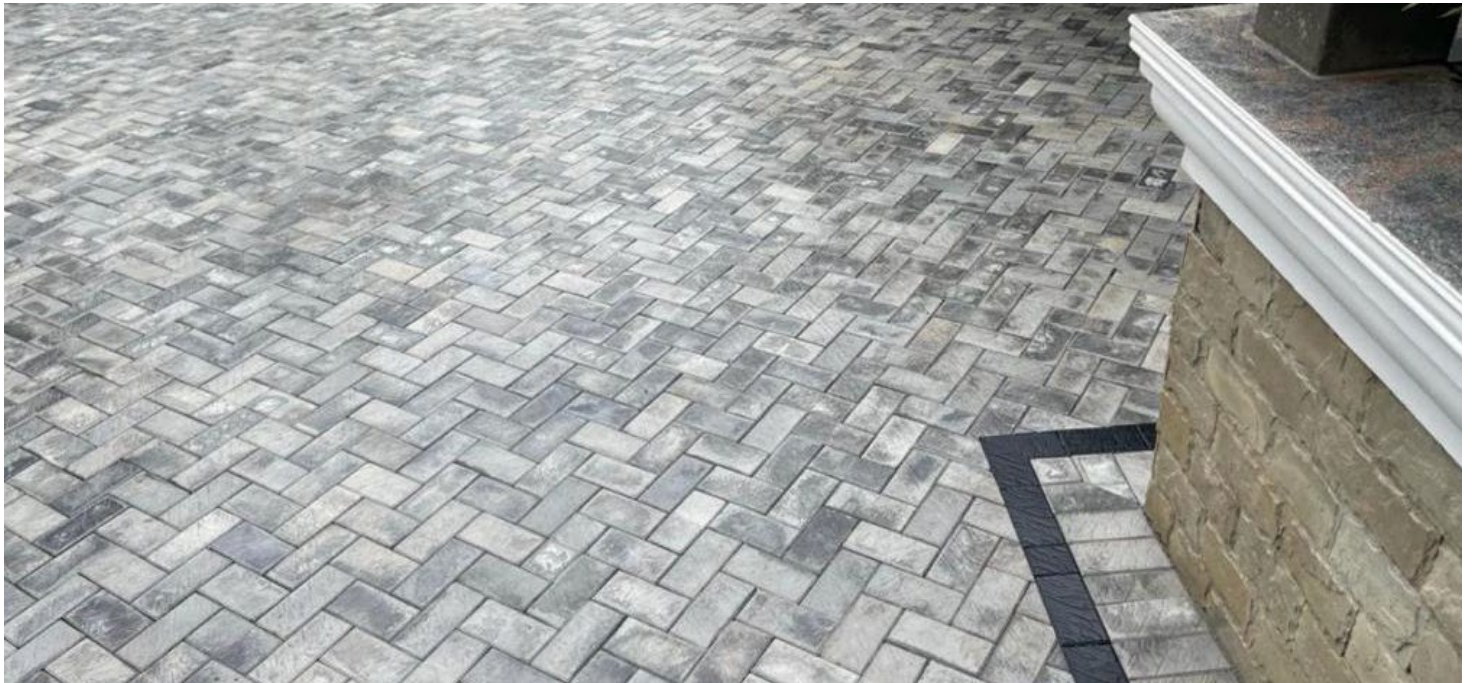

We are dedicated to providing top-quality, durable windows, doors, and outdoor burglar-proofing solutions that offer both security and style. Specializing in the design, manufacturing, and installation of resilient products, we ensure our clients' homes and businesses are protected without compromising on aesthetic appeal.

Our wide range of products includes energy-efficient windows, reinforced doors, and customizable outdoor security features like burglar-proof grilles and screens.

PAVING, LANDSCAPING & BRICK MAKING

We specialize in high-quality paving and landscaping services designed to enhance and transform outdoor spaces. With over 10 years of experience in the industry, our team is committed to delivering excellence in every project, from residential driveways and commercial parking lots to custom landscaping designs and garden makeovers.

We offer a full range of services, including driveway and walkway installation, patio and deck construction, retaining walls, turf installation, and more. Using premium materials and skilled craftsmanship, we aim to create durable, visually appealing, and functional landscapes that add value to any property.

CCTV, SURVEILLANCE & SECURITY SYSTEMS

Our CLIENTS & PARTNERS

“The PICKAXE team handled everything for our office space, from interior design to construction, and the results exceeded our expectations. The quality of materials added a premium feel to the space, yet it was all within our budget.”

Don Ken Sserubuzi.
Managing Director, Sedok.

“We hired Pickaxe for our landscaping and paving needs, and they transformed our property beyond what we had imagined. The attention to detail in every aspect of the project was remarkable. I would highly recommend Pickaxe solutions to anyone in need of their services.”

Alexander Matsiko
Property Owner.

Partnering with Pickaxe has been one of the best decisions for our business. From consultation to the installation process, the Pickaxe team demonstrates professionalism, expertise, and a strong commitment to quality.

Mpola Asaph Koshaho
Operations Manager, Nelly Systems Ltd.

“We are extremely pleased with the exceptional work delivered by Pickaxe on the construction of our commercial building at Vanjoe Chemicals. Their expertise, commitment to excellence were evident throughout every phase of the project.”

Vanjoe Chemicals
General Manager.

“A great building must begin with the immeasurable, must go through measurable means when it is being designed, and in the end must be unmeasured.”

– Louis Kahn
